Texas Retailers Endorse State Senator Craig Estes SD 30 Republican Primary

Austin, TX – Today, the Texas Retailers Association Political Action Committee (TRAPAC) endorsed State Senator Craig Estes (R-Wichita Falls) in the Republican primary for Senate District 30.

“Senator Estes has represented SD 30 with outstanding conservative leadership since he was first elected to serve in 2001.” said **Gary Huddleston, Chairman of the Texas Retailers Association PAC**. “He is Chairman of Senate Agriculture and Rural Affairs and serves on many crucial committees including Senate Finance and Senate Business and Commerce. He works to create fiscally conservative policies that protect Texas businesses and Texas taxpayers.”

“I am proud to receive the endorsement of TRAPAC,” said **Senator Estes**. “I am committed to reinforcing fiscal discipline in our state budget in order to keep taxes low and help businesses grow and hire more employees. I have a proven record of serving SD 30 with common-sense conservative leadership and protecting the interests of Texas citizens from costly, big government initiatives.”

The Texas Retailers Association Political Action Committee is the political arm of the Texas Retailers Association (TRA). The TRA is a statewide trade association representing members in virtually every sector of the retail industry in Texas. Texas retailers employ 1.9 million Texans, comprising 18% of the Texas workforce, delivering nearly \$360 million in sales annually.
