Texas Retailers Endorse State Representative Chuck Hopson in the HD 11 Republican Primary

Austin, TX – Today, the Texas Retailers Association Political Action Committee (TRAPAC) endorsed State Representative Chuck Hopson (R-Jacksonville) in the Republican primary for House District 11.

“TRAPAC is proud to endorse Representative Chuck Hopson in the HD 11 Republican primary.” said **Gary Huddleston, Chairman of the Texas Retailers Association PAC**. “He has worked to pass legislation supporting Texas businesses and taxpayers by advocating fiscally conservative budget policies.”

“As a small business owner for 38 years, I understand the importance of creating a statewide marketplace that allows businesses to grow and hire more employees,” said **Representative Hopson**. “I have a proven record of standing up for local businesses owners and the workforce in HD 11. It is crucial that the rights of Texas citizens and Texas businesses are protected with conservative policy and community values.”

The Texas Retailers Association Political Action Committee is the political arm of the Texas Retailers Association (TRA). The TRA is a statewide trade association representing members in virtually every sector of the retail industry in Texas. Texas retailers employ 1.9 million Texans, comprising 18% of the Texas workforce, delivering nearly \$360 million in sales annually.
